ELD MALFUNCTION CONFIRMATION

If an ELD malfunctions, a driver must:

- Note the malfunction of the ELD and provide written notice of the malfunction to the motor carrier **within 24 hours**;
- Reconstruct the record of duty status (RODS) for the current 24-hour period and the previous 7 consecutive days, and record the records of duty status on graph-grid **paper logs** that comply with **49 CFR 395.8**, unless the driver already has the records or retrieves them from the ELD;
- Continue to manually prepare RODS in accordance with 49 CFR 395.8 until the ELD is serviced and back in compliance.

In compliance with the above-mentioned USDOT rules and regulations, I _____ certify that all information provided by me is true and correct to the best of my knowledge, and that I notified the company Safety Department of an ELD malfunction within 24-hours.

The reason of malfunction was:

- ☐ Device (Tablet) is powered off and cannot be recharged and is not working properly;
- ☐ ELD device does not show any lights when connected to diagnostic port or shows power off;
- ☐ ELD Device not reporting any information with Device (Tablet) when connected to the Truck;
